

Well done Yellow and Red Class for winning the attendance awards recently. Keep it up!

It has been a very busy couple of weeks! Our sponsored bounce was a huge success, thank you to everyone that contributed. The children had a great time bouncing around!

On Wednesday we visited Robinswood Hill. We went on a hunt for different colours to put in our colour strip and completed observational drawings of the trees. Thank you to all the helpers, we couldn't do such great outdoors adventures without you! For more pictures of our Reception activities, please check the class webpage.

We have been looking at halving and weighing in Maths. We can cut things in half appropriately and we are developing our skills at halving a quantity of objects. We explored lots of different weighing scales and practised using them with a variety of toys, counters and weights.

In Literacy we have been practising imaginative writing. We have written about where we'd love to go, what we would enjoy seeing and who we would like to meet. We have put our segmenting and blending skills to good use and practised our cursive writing.

In PE, we have started practising our Sports Day races. It's very exciting and we hope lots of you can attend and watch the children participating on the afternoon of Thursday 13th.

All of the Reception children received a letter informing them which class they will be moving up to next year.

Thursday 6th July was Move Up Day. The children met their new teachers and explored their new classrooms. They all felt very grown up practising being in Year One!
