

Maths

Place value: we will be looking at counting forwards and backwards from any number to 20, identifying one more and one less as well as using a number line and counting in multiples of 2's and 5's.
Addition and subtraction: we will start to learn our number bonds and related addition and subtraction facts to 20, add and subtract one digit number and two digit numbers, use the correct symbols and solve one step problems

Shape: we will recognise and name common 2D and 3D shapes and describe position and movement including quarter, half, three quarter and whole turns.

PE

We will be practising our fundamental skills throughout the term as well as developing our accuracy for rolling balls using different fun activities and then we will be developing our Gymnastics, including rolls and balancing to put into a short routine.

Geography

We are going to investigate the features of different places and see if we can identify which places might have certain features. We are going to begin our year long quest of observing the weather and seasons as they change.

RE

We will be learning about what it means to belong to a faith community and what Christians believe God is like.

Oh No! It's a...

Year 1 Autumn Term 2017

Music

The children will be using Charanga to create music to identify different sounds and begin to create sounds with both our voices and different instruments.

History and British Values

We will be investigating how things have changed over time, and discussing our nation's history.

Art and D&T

We will be investigating how to make different colours and join different types of materials. We will also be making a 3D animal using a range of different materials and fixing techniques including using a lever.

English

Drama: we will be retelling several of the Julia Donaldson stories and performing these in front of our class.

Phonics: we will be consolidating our knowledge of Phase 2, 3 & 4 phonemes (sounds) and graphemes (spellings) to support our fluency when reading.

Guided reading: we will start to develop our group reading skills and answer questions orally related to the texts we have read.

Writing: we are focussing on Julia Donaldson books including: 'The Gruffalo', 'Snail on the Whale' and 'Highway Rat'.

Science

We will be identifying different types of animals and learning all about them as well as identifying and naming parts of the human body and understanding the five senses. We will be asking questions, observing and classifying different animals and begin to gather information and record data.

PSHE

We will be focusing on 'Being Me in My World' and 'Celebrating Difference'.

MFL:

We will be learning common words and starting to use them to greet people.

Computing:

We will be learning how to be safe on the internet, how to find and use pictures and how to organise and save and retrieve files.
