

Reception News

This week we have started our new story, The Gingerbread Man. We have enjoyed talking about the main events and characters in the story. We have also ordered pictures from the story and we have retold the story using our story tray. We enjoyed eating gingerbread men. We talked about which part of the gingerbread man we would bite first and we made a class pictogram. We talked about which was the most and least popular option. We also enjoyed making our own gingerbread man using ginger playdough. It smelled just like real gingerbread!

In Maths we have been working on our number skills. We have been working on our recognition of numbers 1-20 and we have also focused on counting out the corresponding amounts using careful counting strategies.

We have also been working on our technology skills. We have learnt how to use the track pad on a laptop. We have enjoyed using the laptops to help us develop our maths skills.

Next week we will be making our own gingerbread men but first we need to write shopping lists for our teachers!

Reminder: Please could all PE kits be in school as we have started PE again.
