

## Head Teacher News

"R" for Respect is the next letter in **STARS**.

To be respectful can mean lots of different things to people. When it comes to caring too I experienced good examples of respect and caring yesterday and I am sure many of you will have had similar experiences to me too.

I went for walk in the countryside with a friend who I hadn't seen since we went into lockdown. We always made sure we were two metres apart from each other and found that although it was not like normal we could still enjoy each other's company. We came across other people who were using the same route through the woods and so everyone showed respect for each other by making sure we stood on a verge out of the way or perhaps waited to allow other people to pass. There were some families having picnic and so we went on a different path. We even had to go further into the woods to let two riders on horses go past!

a

I would think that most of you will have been out and about and had to change how you behave so that everyone is kept safe. These are great examples of how respectful we can be whilst at the same time caring for each other. Rules are there to help everyone in all parts of our life - it's just that Coronavirus has meant we have new instructions to follow and respect.

Please keep on looking after each other, respecting the rules we are given and that way we can show we care, even without being able to get too near to or hug the people we would ordinarily want to.

## Parent Survey

Just a reminder that we would like you to fill in a short survey to help us to decide which provision we will make here at Calton Primary School following the announcement that primary schools will begin to partially re-open from Monday 1st June.

The aspiration of the Government is that this provision is initially for Playgroup, Reception, Year 1 and Year 6 pupils. **Even if your child/ren are not in these year groups we would still like you to have sent us the information via the link below by 12 noon on Wednesday 20th May.** We value your opinion and wish to do what the majority of the community believe is right.

**<https://www.surveymonkey.co.uk/r/cpscommresp20>**

As you will understand the situation is very dynamic and this survey is not a guarantee that we can accommodate everything that is expected of us but I know you will appreciate that we are trying our best to serve our Calton community.
