

Head Teacher News

"S" is for Success the next letter in **STARS**.

At Calton Primary School we aim to be

STARS. Over the last few weeks I have written about **S**kills, **T**eams, **A**chieving, showing **R**espect and so now we are onto **S**uccess.

Because my assembly theme was due to be about caring I have connected all of our **STARS** words to being caring and cared for. So how do we demonstrate success for this?

Ultimately it would be that the whole world has worked together to either get rid of Covid-19 or that there is a way found for us to live with it - through discovering a vaccine or it not stopping us from living a "normal" life again. For now we can hope and as you will know schools (and in our case too Playgroup) in England have a duty to aim and be open for more children from the beginning of next week.

For now then I would say success for Calton Primary School is working towards this goal of partial re-opening.

Unfortunately this cannot happen for all of our children but of course the teachers will continue to provide work for the children who we will not see. The work for children in and out of school will be the same - just delivered differently. Many teachers and support staff will be with children who they may not ordinarily teach and the days when children are in will be staggered in times and not like a usual timetable. Having said this we are determined to have a solution which makes school as safe, happy and "normal" as possible.

The families of children in Playgroup, Reception, Year 1 and Year 6 who have indicated that they would like the provision will be given more information during this week. No new children will be on site at least until Tuesday 2nd June as 1st June is being taken as an Inset Day.

We miss all of you and would love to be able to wave a magic wand to have you all back. With this not yet possible our success is to really take one day at a time and aim at all times to use all of our **STARS** attributes to continue to be **Confident People Shining**.
