# English

We will develop our story writing, write our own adventure story, create a non-chronological report on rocks and soils, write letters to ancient explorers and create instructions for baking. We will also write an information text and create some interesting poetry.

Year 3 Summer Term 2020

Awesome Earth!

Emerald, Sapphire and Ruby

#### Maths

We will continue to investigate fractions, including adding and subtracting. We will recap and develop our skill of telling the time, identify properties of shapes, identify mass and capacity of different objects and amounts and also recap on prior learning.

### RE

We will continue to look at what matters to Jewish people within their religion and then what kind of world Jesus would like us to have.

# Computing

We will become pollsters and communicators.

# Spanish

We will develop our understanding of the Spanish vocabulary and Latin commands, including months of the year.

### PE

We will develop our Tennis skills and also experience and improve our Athletic skills.

# Geography and History

We will research the Seven Wonders of the World, locate and identify volcanos and earthquakes hotspots, understand how rivers have changed over time and also use maps to identify physical features and use OS map symbols.

We will investigate different famous Palaeontologists and explorers and create questions based upon the research found and compare the different finds with other Palaeontologists and explorers

#### Science

We will be investigating how rocks and soils; comparing different rocks and recognise different soils. We will also investigate how fossils are formed. We will recap on light and shadows and how they change.

# Key Vocabulary

Earth, rocks and soil, volcanos, earthquakes, Palaeontologists, Europe, countries, explorers, fossils, rivers, investigate, organic matter, scientists, light, shadow, reflect, soil, relationships, research, adventure

#### Art and D &T

We will develop our brush technique as we create water colour backgrounds. We will also design and create our own fossil creations. We will also create our own volcanos and fossil biscuits.

### **PSHE**

We will exploring 'relationships' and 'changing me' through discussions and role play.

#### Music

We will be learning 'bring us together' and also develop our improvisation skills - paying attention to the tone, pace and tempo.
