20th March 2020

Dear Parents

Further information was released during the night regarding definitions of key workers and rules around this. I am awaiting further guidance from the Local Authority, which I expect to get at about 9.30-10.00am this morning. This is not an ideal situation but we will continue to update you throughout the day. Please keep checking the website, Facebook and eSchools for more information. Text messages will continue to be sent.

Further guidance on keyworkers:
