

# School Parliament News

Welcome to our first School Parliament newsletter.

19th November 2021

We are very excited to have the opportunity to share our parliament news with you. Over the last few weeks, we have been working hard behind the scenes to get our team up and running, and to make as much of a positive difference as we possibly can.

As it is incredibly important to us that the children of Calton are able to share their opinions and have their voices heard, we have brought in our very own suggestion boxes. Thank you to Luke and Nathaniel for spending their half term creating these. One can be found in Rainbow hall, and the other in Gems hall.

In addition to this, we organised this year's Children in Need event, and our pyjama day took place this week. Don't forget to check out our school Facebook page for some fantastic pictures and to see how much we were able to collectively raise as a school.

On a final note, we have noticed an increase in unhealthy snacks being brought into school. Please continue to bring in healthy snacks, as suggested in Friday's assembly, to earn extra Dojo points!
