A nurturing inclusive learning community that enables everyone to be their best

CALTON PRIMARY SCHOOL AND PLAYGROUP

ACCESSIBILITY PLAN

Approved by Full Governing Body on 15/05/2023

Next renewal date: Term 4 23/24

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation". According to the Equality Act 2010 a person has a disability if: He or she has a physical or mental impairment, and the impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools. The Plan will be reviewed every year and approved by the Governing Body. The school will work in partnership with the Local Authority in developing and implementing this Accessibility Plan.

The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.

We are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

The Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The Accessibility Plan contains relevant and timely actions to:

- Increase access to the curriculum for pupils with a disability, expanding the
 curriculum as necessary to ensure that pupils with a disability are as, equally,
 prepared for life as are the able-bodied pupils; this covers teaching and learning
 and the wider curriculum of the school such as participation in after-school clubs,
 leisure and cultural activities or schools visits it also covers the provision of
 specialist or auxiliary aids and equipment, which may assist these pupils in
 accessing the curriculum within a reasonable timeframe.
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe.
- Improve the delivery of written information to pupils, staff, parents and visitors
 with disabilities; examples might include hand-outs, timetables and information
 about the school and school events; the information should be made available
 in various preferred formats within a reasonable timeframe.

Our Aims are:

- To increase access to the curriculum for pupils with a disability,
 To improve and maintain access to the physical environment
 To improve the delivery of written information to pupils

Aim	Current good	Objectives	Actions to be
Increase access to the curriculum for pupils with a disability Increase access to the curriculum for pupils with a disability	Our school offers a differentiated curriculum for all pupils We use resources tailored to the needs of pupils who require support to access the curriculum	Included within SEN/Inclusion/Equality policy. Within Early Help offer. Signposting to Early Help. Children have appropriate plans for curriculum, health and medical needs where needed. Liaise with appropriate agencies when necessary including ATS, Ed Pysch, Occupational Therapist, nurses and paediatricians. Resources to support children with additional needs including books, sensory equipment for Hyper/Hypo vigilance, therabands for proprioceptive, pencil	Review policies annually Seek training as and when necessary Purchase resources for specific needs as and when needed
